To preach the gospel in the regions beyond you...

Dear Pastors, Churches, and Friends,

January - February 2023

We had two groups visit a Hispanic country this year, and we just returned from a trip to the island. Things are progressively getting worse there. I believe there are several factors behind this. The economic situation in the world is getting worse, and inflation is escalating all over the world. Russia being this country's strongest ally is now putting all their resources in Ukraine, (*this is my opinion*) but it has caused the local people who were already in financial straits to see even more difficult situations.

There is almost no fuel on the island, causing power outages. With the exception of a big city, the rest of the island has power for about six hours a day. Turkish freight liners or huge power producing ships are in the bay sending power to the island for a trade-off of nickel that is mined there. Medical conditions also are bad. Doctors will not operate on patients unless the patient can obtain antibiotics from an outside source like America. Food availability is worse. People stand for three to four hours to buy chicken at an outrageous price.

On the spiritual front things are a lot better. We had services that were simply saturated with the power of God. People were weeping before we even preached, we were just trying to open up the services. There was a sweet presence of His blessed Holy Spirit helping and ministering to the needs of His people. This caused me to think of a precious verse in Job 23:10 "But he knoweth the way that I take: when he hath tried me, I shall come forth as gold." God will certainly take care of his people! Don't mean to preach here, but with all the things that are going on in the world, God knows where we are at!

We are trying to get a load of Bibles there. Since 2001, the year when we began to work there, we have always taken money to buy Bibles. Now the Ecumenical Movement has the priority of buying all of the Bibles that are available. We are working on a plan to send a container load of Bibles to the island. This is something that we have never attempted to do, but we are going to try. Help pray for this endeavor, and I will keep you informed about this project as we go along.

Joyfully Yours,

Dale Caeble

1 Samuel 12:24
