

## Coats for Kids Prep

10/14/24

In late spring and on into summer, renovations were happening in Avren. A dilapidated house on the property was expertly renovated for ministry and has given our mission group separate and designated spaces for church, dining hall, printing, coats, etc. For this ongoing project, the coat closet was needed for safe storage of materials and tools. The timing was perfect because the need for that space came at the same time as Larry's and my trip (and extended medical stay) to America.

But as the materials were used in the remodel, the space became less needed and today we went out there to put everything back and take inventory of needs. We were excited to see that doors had been added to the attic storage spaces, and a coat of primer had been painted on the walls.

Larry got out the vacuum and I moved tables where I wanted them. We organized hangers and added the new, stronger hangers we got for the heavier adult coats. Then we took inventory of what items and sizes we have the greatest need of. Some baskets were full and others were nearly empty. We have some boots but more are needed. I enjoyed the day - I LOVE working in the Coat Closet!

Please pray with us about the upcoming distributions. I look forward to sharing updates!

Love to All,  
Carrie M. Leach

P.S. To give toward the needs, please make checks payable to Charity Baptist Mission, memo: Larry Leach, Jr. Coats for Kids. Charity Baptist Mission, P.O. Box 692, Bristol, TN 37621
